

Parle Tilak Vidyalaya Association's
MULUND COLLEGE OF COMMERCE (AUTONOMOUS)
T.Y. B.Sc. Information Technology
Semester V

Course: DevOps
Duration: 40 min.

Date: 07-10-2024
Max Marks: 20

Q. Answer any four of the following:

1. Define the following (i) Cycle time (ii) Versioning environments (iii) Shift left (iv) Delivery Pipeline (v) Test Virtualization
2. Explain the new skills needed for a comprehensive and elevated test discipline.
3. How do perspectives of line of business and IT organization differ about channels?
4. Explain the following with respect to continuous deployment. (i) What is deployed? (ii) How is it deployed? (iii) Where is it deployed?
5. What are the essential architectural components and capabilities required to successfully develop and oversee an Infrastructure as a Service (IaaS) offering?
6. Which strategies can be used to build an environment and culture of trust? How can a formula be proposed to calculate the total time to delivery effectively?
