

PTVA's MULUND COLLEGE OF COMMERCE (AUTONOMOUS)		
Programme: B.Sc. Information Technology	Class: TY	Semester: V
Exam: CIA	Name of the Course: DevOps	
Date of Exam: 28/07/2025	Marks: 20	Time: 40 Minutes
Instructions: 1) Make suitable assumptions wherever necessary and state the assumptions made. 2) Draw neat labelled diagrams wherever necessary.		

Q Attempt any four (5 marks each)

1. What aspect of organizational culture does DevOps primarily aim to transform?
2. Examine the ways in which adopting new technologies and practices can create agile empowerment challenges, and identify the common failings that contribute to these difficulties.
3. Demonstrate how an organization's business model and operational perspective can influence its culture across the three identified classes.
4. Develop a workflow that demonstrates how APIs can be efficiently created and integrated to streamline business operations.
5. Explain why organizations may be at different maturity levels in their journey toward continuous delivery.
6. Implement a strategy to ensure business continuity while managing service updates in a microservice-based system.
