

Parle Tilak Vidyalyaya Association's
MULUND COLLEGE OF COMMERCE (AUTONOMOUS)
T.Y. B.Sc. Information Technology
Semester V

Course: DevOps
Duration: 40 min.

Date: 12-08-2024
Max Marks: 20

Answer any four of the following:

20

1. Explain in brief the ten practices of continuous integration
2. Explain the benefits and substantial complexity that exists in microservice.
3. Explain the following waste removal strategies.
 - (i) Prevent Defects by Removing Constraints
 - (ii) Reduce Transportation Cost by Automating Deployments
4. List and explain different stakeholders that perceive APIs in different ways.
5. Explain the three essential capabilities required by the testing teams to support agile and continuous delivery methods.
6. Explain the new skills that agile operations teams need to acquire for detecting and fixing issues and to establish quality.
